

Daily coverage on the whole European patent market.

- Strong focus on France, Germany, the Netherlands and the UK
- In-depth reports on important litigation
- All further developments at the UPC and the European Patent Office
- Law firm news
- Six-strong editorial team (half German, half British)
- Worldwide distribution to patent experts in companies, patent lawyers and patent attorneys
- Primary focus for readers in Europe, China, Japan, Korea and the United States

JUVE has been reporting on the UPC, the European Patent Office and developments at law firms and in-house departments for twenty years – and in English since 2018. JUVE Patent provides daily news coverage and annual rankings on the four most important European patent markets.
